Summer Flowering ORCHIDS

ORCHIDWOOD^{inc}

830 PELHAMDALE AVENUE
NEW ROCHELLE, NEW YORK

INTRODUCTION

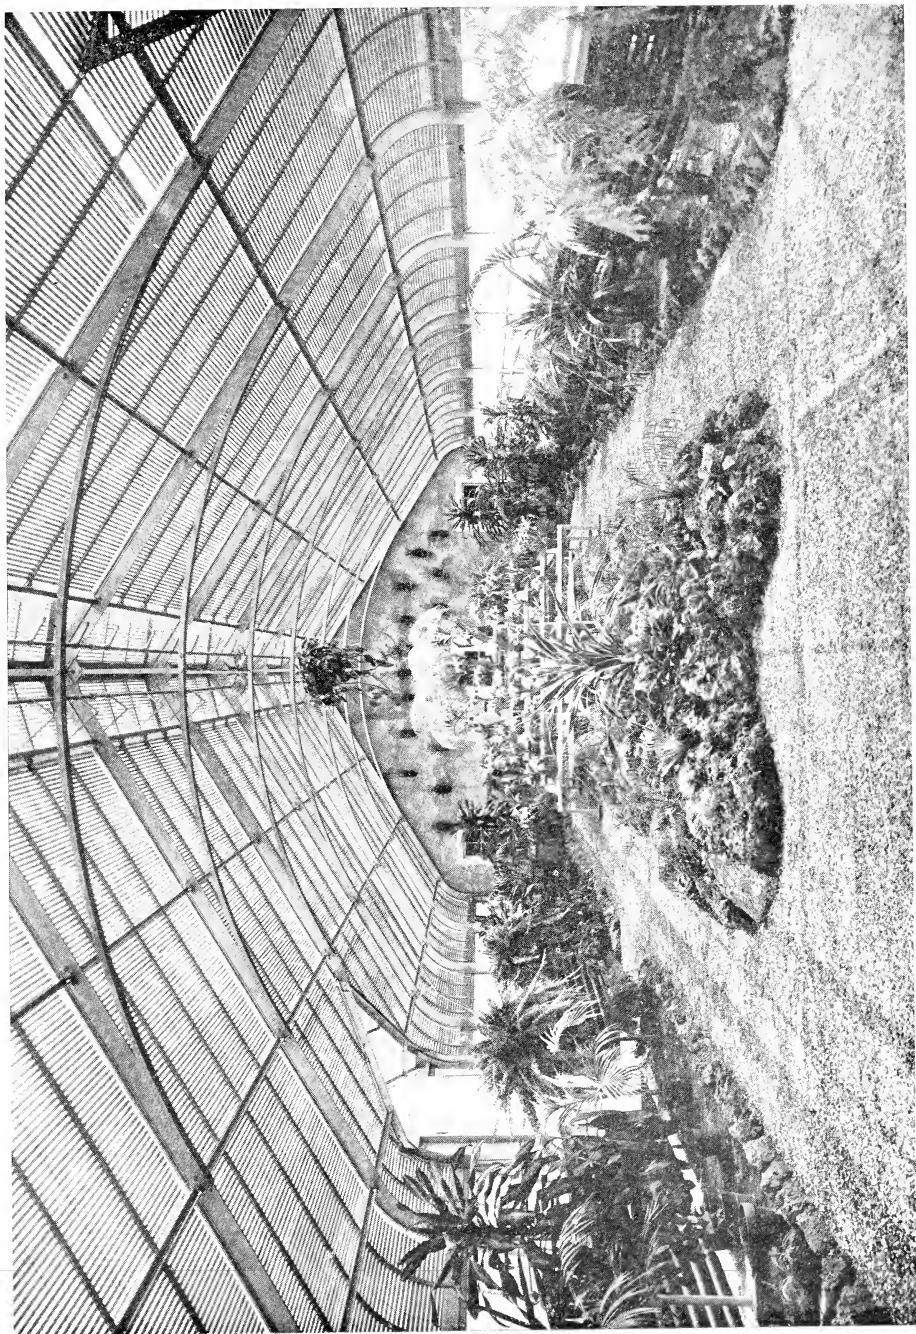

Many of our finest varieties of Orchids come into bloom during the summer months when many other flowers are available and Orchids for cut flowers are not in such great demand. Therefore we are offering the following plants which are good subjects for a private collection of Orchids at very reasonable prices. The special and fine varieties have great value in that they have been proven as makers of other good hybrids.

With the engagement of the exclusive services of Mrs. D. A. Linder, one of the world's leading experts on Orchid seed germination by the Fungus Method, we can now offer this service to the private as well as the commercial grower. The danger of heavy losses of seedlings incidental to other methods of Orchid seed germination will be greatly lessened since the Fungus Method has been proven to produce faster-growing, sturdier seedlings than those obtained by any other method.

Recent additions at Orchidwood include a large and a small show-house in the style of private conservatories, and a large, comfortably furnished reception room. A representative group of plants in bloom is always on display, and visitors are assured of a cordial welcome at all times.

ORCHIDWOOD, INC.
New Rochelle, N. Y.

THE NEW CURVED ALL STEEL CONSTRUCTION CONSERVATORY AT ORCHIDWOOD

SHOWING THE LUXURIOUSLY FURNISHED RECEPTION ROOM AT ORCHIDWOOD

All the following plants are in a strong, healthy condition and have flowered or will flower during the summer months. Plants purchased from this list that bloom at any other time will be replaced by plants that will flower during the summer. Average size five to seven bulbs, one to two leads.

BRASSAVOLA *Digbyana*—One of the parents of most of the primary Brassocattleyas \$20.00

BRASSOCATTLEYA

Heatonensis (<i>B. Digbyana</i> × <i>C. Hardyana</i>). Lavender color, deeply fringed lip	20.00
John Linford (<i>C. Prince Shimadzu</i> × <i>B. C. Rosita</i>). One of the finest modern hybrids	50.00
Maronae (<i>B. Digbyana</i> × <i>G. Gigas</i>)	20.00
Nestor (<i>B. C. Maronae</i> × <i>C. Iabiata</i>). Large, well-balanced flowers	25.00
Special dark variety	35.00
Olbia (<i>B. C. Leemann</i> × <i>C. Mrs. Pitt</i>). Flowers nearly pure white	35.00
Veitchi (<i>B. Digbyana</i> × <i>C. Mossiae</i>)	20.00

BRASSOLAEGLIA

Helen (<i>B. Digbyana</i> × <i>L. tenebrosa</i>). Thin petals, wide fringed lip	10.00
Veitchi (<i>B. Digbyana</i> × <i>L. purpurata</i>)	51.00

BRASSOLAELOCATTLEYA

Callisto (<i>B. Veitchi</i> × <i>L. C. callistoglossa</i>)	20.00
Everest (<i>B. C. Leemann</i> × <i>L. C. Canhamiana</i>). Extra large flowers, fine fringed lip	30.00
Heliolata (<i>B. L. C. Maculata</i> × <i>C. Heliodor</i>). Fine Variety—Orange yellow sepals and petals; deep purple lip; flower of fine shape	250.00
Lady Diana (<i>B. L. Veitchi</i> × <i>C. Dowiana</i>)	15.00
The Baroness (<i>B. C. Leemann</i> × <i>L. C. Ophir</i>). Parent of many fine yellow hybrids	75.00

CATTLEYA SPECIES

Bowringiana	\$5.00. Larger plants 7.50 to 10.00
Dowiana—Very popular for hybridization	20.00
Gaskelliana—Free flowering	10.00
gigas—One of the best species of Cattleya	20.00

CATTLEYA HYBRIDS

Alcimeda alba (<i>Gaskelliana alba</i> × <i>Labiata Purity</i>).	Pure white flowers of good size and shape	\$40.00
Amabilis (<i>labiata</i> × <i>gigas</i>).	Large dark flowers on strong growing plants	25.00
Armstrongiae (<i>Hardyana</i> × <i>Loddegesi</i>)		10.00
Ashtonii (<i>Harrisoniana</i> × <i>gigas</i>)		10.00
Boadicea (<i>Gaskelliana</i> × <i>Hardyana</i>)		20.00
Comet (<i>Dowiana</i> × <i>Warneri</i> Var. <i>Edward H. Roehrs</i>).	One of the darkest Cattleya hybrids; exclusixe <i>Orchidwood</i> stock	35.00
Cybele (<i>Gaskelliana</i> × <i>Lueddemanniana</i>)		20.00
Alba—A fine all white flower with broad petals		50.00
Dionysius (<i>Fabia</i> × <i>gigas</i>).	Dark variety	20.00
Alba—Broad, white sepals and petals; deep purple lip		35.00
Dupreana (<i>gigas</i> × <i>Warneri</i>).	Extra large flowers, good color and shape	20.00
Emily (<i>Enid alba</i> × <i>Hesta</i>).	White sepals and petals, purple lip	20.00
Enid (<i>gigas</i> × <i>Mossiae</i>).	One of the largest flowering hybrids	15.00
Fabia (<i>Dowiana</i> × <i>labiata</i>)		15.00
Special Variety		25.00
Fine Variety—Extra dark, large flowers		50.00
Freya (<i>Dowiana</i> × <i>Mantini</i>)		12.50
Gay Gordon (<i>Hardyana</i> × <i>Van Houtte</i>)		20.00
Good Variety—Dark flowers of good shape		35.00
Gildeni (<i>Hardyana</i> × <i>Maggie Raphael</i>)		15.00
Gloriette (<i>Tityus</i> × <i>Hardyano-Warneri</i>).	A wonderfully shaped flower of good color and texture; ideal for hybridization	35.00
Fine Variety—similar to L. C. Titymoma F. C. C.		50.00
Hardyana (<i>Dowiana</i> × <i>gigas</i>)		10.00
Good Variety—Attractive contrasting color		20.00
Fine Variety—All dark flower		35.00
Alba—White sepals and petals; purple lip		15.00
Alba—Special Variety—Unusually dark lip		25.00
Alba—Fine Variety—One of the finest types of this cross obtainable		50.00

Harold (<i>Gaskelliana</i> \times <i>gigas</i>)	10.00
Special Variety—Large flowering type	20.00
Helen Langley (<i>Undine</i> \times <i>Myra Peeters alba</i>). One of the purest white Cattleyas	35.00
Heliodor (<i>irridescens</i> \times <i>Venus</i>). Yellow sepals and petals; purple, cut lip	25.00
Var. Orchidwood—Magnificent orange-yellow sepals and petals; royal-purple full lip; flower of fine shape and exceptional texture	250.00
Hentschelli (<i>Dupreana</i> \times <i>gigas</i>)	15.00
Good Variety—Very large flowers of good color	25.00
H. S. Leon (<i>Schroederae</i> \times <i>gigas</i>). A vigorous grower, free blooming, with well-shaped flowers of soft pink color	20.00
Iris (<i>bicolor</i> \times <i>Dowiana</i>). Cut-lip type	10.00
Lord Rothschild (<i>Dowiana</i> \times <i>Gaskelliana</i>). Extra dark Variety	25.00
Malcolm Canmore (<i>Armainvillierensis</i> \times <i>Lueddemanniana</i>)	15.00
Mantini (<i>Bowringiana</i> \times <i>Dowiana</i>)	10.00
Miss Kemp (<i>Bowringiana</i> \times <i>Fabia</i>). One of the best types of the small hybrids; flowers of fine shape and deep purple color; five to ten flowers on stem	12.50
Miss M. Armstrong (<i>Dowiana</i> \times <i>Helen Langley</i>). Variegated, unusual colors in lighter shades; fine shape and heavy texture	15.00
Mrs. Myra Peeters (<i>Gaskelliana alba</i> \times <i>Warneri alba</i>). One of the most consistent June flowering white hybrids; large flowers of good shape	50.00
Portia (<i>Bowringiana</i> \times <i>Labiata</i>) \$7.50. Larger plants	12.50
Pretoria (<i>Dowiana</i> \times <i>Peetersi</i>). An excellent, well-balanced flower of good color, shape and texture; free flowering	15.00
Extra dark Variety	25.00
Prince John (<i>Dowiana</i> \times <i>Hardyana alba</i>). Creamy white sepals and petals, purple lip with beautiful golden yellow veins	20.00
Special Variety—Yellow sepals and petals similar to Catt. <i>Hardyana</i> Var. Clement Moore	50.00

Princess Royal (<i>Fabia</i> \times <i>Hardyana</i>). Dark Variety	20.00
Alba—(<i>Fabia alba</i> \times <i>Hardyana alba</i>)	35.00
Aureata—(<i>Fabia alba</i> \times <i>Hardyana alba</i> Var. <i>Clement Moore</i>). Golden yellow sepals and petals; broad royal purple lip of heavy, velvety texture	100.00
Priscilla (<i>Enid</i> \times <i>Lueddemanniana</i>)	20.00
Quibo (<i>Dowiana</i> \times <i>Miss Williams</i>). Attractive, light colored flowers of extra heavy texture and good shape	15.00
Santa Monica (<i>Mendeli</i> \times <i>Lord Rothschild</i>). Flowers greatly resemble Catt. Tityus	20.00
Sir Walter Scott (<i>Harold</i> \times <i>gigas</i>)	15.00
Snowdon (<i>Labiate alba</i> \times <i>Suzanne Hye</i>). All white flowers of good shape and texture; a vigorous grower	50.00
Sylvia (<i>Dowiana</i> \times <i>Fabia</i>). Extra dark Variety—Rich purple thruout	25.00
Alba—Creamy white sepals and petals	25.00
Tityus (<i>Enid</i> \times <i>Octave Doin</i>)	25.00
Special Variety—Parent of many fine hybrids	50.00
Triumphans (<i>Dowiana</i> \times <i>Rex</i>)—Roehrs Variety	35.00
Van Houtte (<i>Lord Rothschild</i> \times <i>gigas</i>). Large flowers of good color and shape	20.00
Extra dark Variety	35.00
Venus (<i>Dowiana</i> \times <i>Iris</i>). Cut lip type	10.00
Full lip type; bronze sepals and petals	20.00
Full lip type; yellow sepals and petals	35.00
Veiris (<i>Venus</i> \times <i>Iris</i>). Cut lip, yellow petals	15.00
Special Variety—Fine yellow petals	50.00
Fine Variety—Full lip, yellow petals	100.00
Vestalis (<i>Dowiana</i> \times <i>Maxima</i>)	7.50

CYPRIPEDIUM

Lawrenceanum (<i>species</i>)	7.50
Maudiae (<i>callosum Sanderae</i> \times <i>Lawrenceanum</i>). One of the most free-flowering and easily propagated varieties; flowers green and white	10.00

DENDROBIUM *Phalaenopsis* (*Species*)

EPIDENDRUM <i>ciliare</i> (<i>Species</i>)	7.50
<i>cochleatum</i> (<i>Species</i>)	7.50

LAELIA <i>crispa</i> (<i>Species</i>)	7.50
<i>purpurata</i> (<i>Species</i>)—parent of many hybrids	10.00
<i>tenebrosa</i> (<i>Species</i>)—has true bronze sepals and petals which carry over to its hybrids	15.00
 LAELIOCATTLE.A	
A. C. Burrage (<i>L. C. Herscentia</i> \times <i>C. Dowiana</i>)	20.00
Special Variety—Bronze sepals and petals	35.00
Aphrodite (<i>C. Mendeli</i> \times <i>L. purpurata</i>) Flowering size	12.50
Larger plants, very strong growers	17.50
Arran (<i>L. C. Australia</i> \times <i>C. Gaskelliana</i>). Sepals and petals have soft bronze tint	15.00
Arturo (<i>L. C. Hyeana</i> \times <i>C. gigas</i>)	15.00
Good Variety—A deep purple flower	25.00
Athene (<i>callistoglossa</i> \times <i>St. Gothard</i>). Very large flowers of fine color and texture	35.00
Attraction (<i>luminosa</i> \times <i>Myrrah</i>). One of the best of the bronze tinted varieties with deep-purple lip	35.00
Fine Variety—Good bronze sepals and petals; intensely deep rich purple lip with bright golden-yellow side lobes	100.00
Bletchleyensis (<i>C. gigas</i> \times <i>L. tenebrosa</i>). Creamy white petals, purple lip	12.50
Dark bronze sepals and petals	20.00
Britannia (<i>C. gigas</i> \times <i>L. C. Canhamiana</i>). Large flowers of good shape and color	20.00
Caledonia (<i>C. Mendeli</i> \times <i>L. C. Bletchleyensis</i>). Another of good bronze petal types	35.00
callistoglossa (<i>C. gigas</i> \times <i>L. purpurata</i>)	15.00
Extra strong plants	25.00
Fine large plants, special dark variety	35.00
Cameronian (<i>L. C. Dominiana</i> \times <i>C. Princess Royal</i>)	15.00
Extra dark variety	25.00
Alba—White sepals and petals, purple lip	25.00
Canhamiana (<i>C. Mossiae</i> \times <i>L. purpurata</i>). One of the best June hybrids; well balanced flowers on long, thick stem	15.00
Extra dark variety	25.00
Colmaniana (<i>C. Dowiana</i> \times <i>L. C. callistoglossa</i>)	20.00
Cortina (<i>C. Empress Frederick</i> \times <i>L. C. callistoglossa</i>)	15.00
Special Variety—Extra dark flowers of good shape	35.00

Dominiana (<i>C. Dowiana</i> × <i>L. Purpurata</i>)	15.00
eximia (<i>C. Warneri</i> × <i>L. purpurata</i>). Vigorous grower; large flowers, deep lip	12.50
G. G. Whitelegge (<i>C. Hardyana</i> × <i>L. C. callistoglossa</i>)	15.00
Grisette (<i>eximia</i> × <i>Golden Oriole</i>) Flowering size	10.00
Special Variety—Yellow tint in sepals and petals	25.00
Jacquinetta (<i>E. Emp. Frederick</i> × <i>L. C. Lustre</i>). One of the finest Laeliocattleyas; large flowers of good shape and striking colors	50.00
Jas Goodier (<i>L. C. Canhamiana</i> × <i>C. Emp. Frederick</i>)	
Large, bold flowers of rich colors	20.00
Martineti (<i>C. Mossiae</i> × <i>L. tenebrosa</i>)	15.00
Special Variety—Deep bronze sepals and petals; royal purple lip	25.00
Massasoit (<i>L. C. Nella</i> × <i>C. Hardyana rubra</i>)	15.00
Good Variety—Large, dark flowers	35.00
Fine Variety—Bronze sepals and petals; dark purple lip	50.00
Var. Orchidwood—One of the darkest of all laelio-cattleyas; extra fine lip	75.00
Mrs. Harold Lloyd (<i>L. C. Aphrodite</i> × <i>C. Van Houtte</i>)	
Fine round flowers of good color	20.00
Special Variety—Excellent shape and color	35.00
Mrs. M. A. House (<i>C. Hardyana</i> × <i>L. C. Golden Oriole</i>)	15.00
Good Variety—Yellow sepals and petals	35.00
Mrs. Medo (<i>L. C. Luminosa</i> × <i>V. Venus</i>)	25.00
Special Variety—Attractive bronze petals	35.00
Fine Variety—Flower of extremely heavy texture; bronze sepals and petals, crimson lip	50.00
Phoenix (<i>C. Dowiana</i> × <i>L. C. Henry Greenwood</i>)	20.00
Portita (<i>L. C. Callistoglossa</i> × <i>C. Portia</i>)	10.00
Profusion (<i>L. C. Serbia</i> × <i>C. Hardyana</i>)	25.00
Special Variety—Fine all-round flowers	50.00
Rabeiana (<i>C. Dupreana</i> × <i>L. purpurata</i>). Large flowers of good color	20.00
Thurgoodiana (<i>C. Hardyana</i> × <i>L. C. Martineti</i>)	25.00
Special Variety—Fine color thruout	50.00
Wellesleyi (<i>C. gigas</i> × <i>L. C. Martineti</i>)	25.00
Special Variety—E. H. Rochrs type	50.00

MILTONIA Bleuana (<i>vexillaria</i> \times <i>Roezli</i>). Large flowers	25.00
St. Andre (<i>Bleuana</i> \times <i>Roezli</i>)	15.00
vexillaria (<i>Species</i>). Strong plants	10.00
 ONCIDIUM altissimum (<i>Species</i>). Very long sprays of yellow flowers blotched with brown	10.00
flexuosum (<i>Species</i>). Graceful, branched sprays of pure yellow flowers	10.00
 SOBRALIA macrantha (<i>Species</i>)	5.00
 SOPHROLAEILOCATTLEYA	
Baldwini (<i>C. gigas</i> \times <i>S. L. C. Meuse</i>)	25.00
Fine Variety—Very dark flowers of good shape	50.00
Mrs. F. Mercer (<i>C. Hardiana</i> \times <i>S. L. C. Meuse</i>)	15.00
Mrs. G. E. Baldwin (<i>L. purpurata</i> \times <i>S. L. C. Meuse</i>)	20.00
Extra dark variety; fine shape	35.00
Thelma (<i>C. Lady Richmond</i> \times <i>S. L. C. Isabella</i>)	25.00
 VANDA TERES (<i>Species</i>). Good sized, rose colored flowers on short spray	7.50
 ZYGOPETALUM DISCOLOR (<i>Species</i>). One of the more interesting and desirable botanical types	5.00

OSMUNDA FIBRE—A very fine grade of clean, firm compost, picked ready to use—Large Bag	\$ 4.00
